DETAILED ACTION

1. Claims 24-28 are allowed and renumbered as 1-5, respectively.
2. The following is an examiner's statement of reasons for allowance:

The prior art taken either singly or in combination fails to anticipate or fairly suggest the limitations which the Applicant claims in independent claims 43 and 58 in a manner which would warrant a rejection under 35 U.S.C. § 102 or 35 U.S.C. § 103, especially when these limitations are considered within the specific combination claimed.

The cited art, US Pat. No. 6,486,535 to Liu, discloses a semiconductor apparatus comprising a lead frame having a die pad for supporting a semiconductor chip and a passive device connected thereto. However, Liu's reference fails to teach or render obvious at least, among other, an organic material substrate, two of the first and second conductive patterns extended inwardly, chip capacitor mounting pads which are provided at inner ends of the extended first and second conductive patterns, and chip capacitors which are mounted on the chip capacitor mounting pads so that a decoupling capacitor is provided, as recited in independent claim 24, especially when these limitations are considered within the specific combination claimed.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
